

ATD/PTZ Monitor

Configuration

- Acoem (ATD) Acoustic Threat Detection Sensor
- iPro Camera (PTZ)
- Video Insight vms
- Blue Strobe lights
- Power Supply/POE Switch/Control Panel
- Cellular/Radio/or integrated communications
- Can be integrated into current platforms or software

Features

- **Complete Turn Key Solution** for easy installation and integration. Fully Assembled.
- **Weatherproof Outdoor Locking Enclosure** .
- **iPro PTZ (WV-U65302-Z2G) Standard** – 2MP, 1080p, 21x Optical Zoom, Color Night Vision, IP66, NDAA Compliant. Optional Camera upgrade or manufacturer change for additional cost, must be NDAA compliant.
- **Video Insight VMS integration:** standard software included, customer may integrate into current system for possible additional license fee
- **Acoem ATD Cadence Software-** ATD sensor integration into VMS and Acoem Cadence Software for Email/Text Alerts and Manual/Automatic Reboot. Includes audio and mapping of threat in Real time.
- **Acoem ATD Sensor/PTZ integration:** Acoem ATD communicates directly with the PTZ camera thru ONVIF to move the camera to the acoustic threat in real time.
- **Regulated power:** Includes surge protected Gigabit 5 port PoE Layer 2 Switch with one 90W 802.3bt PoE Port, three 802.3at PoE+ Ports and one 24V Passive PoE Port.
- **Protected and Secured Wiring** inside locked weatherproof enclosure
- Additional POE hardware can be added w/ open POE+ ports available
- **Independent AI for scalability.** Each XTL-2000ATD works independently and can be moved as needed or additional units can be added. Each ATD/ PTZ sensor will detect and locate threat individually inside its own coverage area.
- **12 Month Warranty on all components**
- **XTL-2000ATD, Made in the USA**

IOT/Software Specifications**Acoem ATD Sensor****ATD Power Draw**

POE power type

POE or POE+

802.3af or 802.3at

Connection

M12x to RJ45

Coverage

~500 ft. radius from sensor

iPro PTZ Camera*iPro PTZ (WV-U65302-Z2G) Standard**Can be replaced for additional cost**ip66, NDAA compliant**Communicates with ATD through ONVIF***Acoem Cadence Software****Type**

ATD Cloud Management Software for sensor configuration and alert notifications

Alerts Notifications

Email or Text

Can be integrated into 3rd party softwares

Alert Information

Audio file of Acoustic Threat

location by sensor ID and mapping

end user verification and processing of threat

Allows for AI training to improve system

Includes sensor FW upgrades

Alerts in Real time

Communications**Customer Preference****Cellular Modem for off grid installs**

(additional monthly cost through provider)

Radio/Mesh Network for local wireless

(possible additional external hardware cost)

Local Wired Network**Remote Monitoring****Misc****Operating Temp**

-22°F to 140°F (-30°C to +60°C)

Wind Speed Rating

90 MPH (40 m/sec)

**VIDEO INSIGHT 7**

Video Insight 7 is a powerful yet easy-to-use enterprise Video Management platform that allows organizations in education, law enforcement, healthcare, commercial, and transportation the ability to deploy a customized and robust security surveillance system. New to version 7 is enhanced functionality with our new plug-in architecture which allows even greater scalability and improved feature sets.
